In Fig. 4(a) of the article, the range of $\lambda(\omega)$ exhibited by the horizontal coordinate of the middle panel should be from 0 to 2, instead of 0 to 1. Figure 4(a) should be as follows:

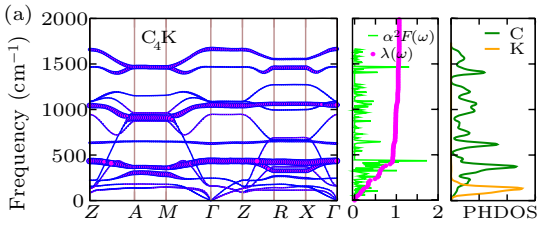

Fig. 4. (a) Phonon dispersion curves, Eliashberg spectral functions $\alpha^2F(\omega)$ together with the electron-phonon integral $\lambda(\omega)$ and phonon density of states (PHDOS).

We note that this mistake does not affect the conclusion of our report, and apologize to readers for any inconvenience caused by our oversight.
